<ul style="list-style-type: none">great teacher. quality courseI felt as though I took this course because originally I had planned on being a business major but when I changed my mind my interest in the course decreased greatly. Even before I switched, I found that the way the material was taught was very boring and hard to understand.Amazing professor! Made lecture super fun! I loved how he structured the classes and how everything was so organized.He is a great professor. I think he explains things very clearly through his powerpoint and when he writes on the whiteboard. Gives lots of good real-life examples to help comprehend the material.It has been a fun semester. I really enjoyed this class!Very helpful professor and reasonable graderNo comment.Great teacher — understands and explains materials. Constantly looking to improve course for his students. Amazing.Professor Ethan is extremely helpful and knowledgeable. He is clear in his explanations and makes time to make sure his students understand the material he teaches.
